If credit card information is not provided:

*** Include a check or money order for \$12.95 USD issued to "AWC Distributing LLC" for shipping and handling**

All blades received between April 1st and August 1st will be processed in 8-10 weeks. Blades received outside of this window will experience extended sharpening times that will be subject to current volumes. After sharpening, blades will be shipped to the provided address. Blades will not be sharpened if they are still attached to the auger or auger head.

Some blades cannot be re-sharpened due to damage or over-sharpening. Misuse of the blades negates this service, and the blades will be returned to the customer as-is, at the owner's expense. It is at the sole discretion of Vexilar/K-Drill to decide if a blade is eligible for sharpening.
